

HOUSING FOR INTERNATIONAL STUDENTS

Penn State Brandywine does not offer on-campus housing. Off-campus housing options are available in the local community. You will need to make housing arrangements before you arrive. Students are responsible for securing their own off-campus housing. The Office of Student Affairs coordinates a roommate matching service where students seeking to share housing can share their name, email, and phone number with other students who are also looking. Students are responsible for making arrangements between leasing agent and potential roommates.

For more information about housing or to be placed on the roommate list, contact Mrs. Ousey at dlo4@psu.edu. If you do not have permanent housing accommodations when you arrive, you will need to make temporary arrangements to stay in a hotel.

For information about leasing in the United States, visit global.psu.edu/info/global-campus-community/life-state-college/housing/renting-glossary.
